ABOUT ME

A versatile developer with 6 months of experience who has worked in multiple technologies (HTML, CSS, JavaScript, Angular, and React.js). Loves multitasking and never stops learning. Has hands-on experience in real-time projects during an internship..

TECHNICAL SKILLS

- HTML
- JavaScript(ES6)
- Core Java
- CSS
- Angular
- React Js

PROFESSIONAL EXPERIENCE

Frontend Intern　　　　　　　　　　　　　　　　　　05/2023 – 10/2023
Sutrix Solutions India Pvt Ltd.
- Developed highly interactive and customized UIs using JavaScript, HTML and SCSS to Improve functionality of web applications.
- Created interactive UIs that surpassed client objectives and user experience.

PROJECTS

Enowa Website
During my internship, I worked on a real-time project called Enowa. It was developed using Pug, Sass, and JavaScript.

MERN Stack – Book Store
Build a full-stack web application using Node.js, Express.js, MongoDB with Mongoose, and React with Vite and Tailwind CSS. Manage CRUD operations for books, implement CORS policy, and enhance UX with beautiful alerts.

Personal Portfolio
I have developed my personal portfolio using HTML, CSS, and JavaScript, incorporating engaging animations to enhance the user experience.

Music App
I've created a dynamic music app with HTML, CSS, and JavaScript, offering seamless looping, playlist selection, track navigation, and real-time duration display for an enhanced user experience.

Movie App
I've crafted a ReactJS-powered movie application that utilizes an API, empowering users to effortlessly search for movies by their titles.

CERTIFICATES

Core Java
Completed at Accord Info Matrix

Web Development
Completed at Accord Info Matrix

EDUCATION

Bachelor of Computer Applications(BCA)   2019 – 2022 | 85%
